POLITICS AND POLITICIANS

The Russian Government is not
noting with the closest attention and
keenest interest the quiet common
energy now being shown.

A bet of \$5,000 to \$4,000 has
been made that Roosevelt will not
carry New York if he is nominated.
The Platt-Odell feud is said to have
broken out afresh.

Leading Republicans of Nebraska
are organizing to promote the
candidacy of John L. Webb, of
that State, for the Republican vice-
presidential nomination.

A call was issued for a caucus of
the Democratic members of the
Legislature to be held on the evening
of January 4, at Frankfort, for the
purpose of selecting officers of the
two houses.

Hon. D. R. Huob, age 57, died
at his home, on Science Hill,
Pulaski county, of typhoid fever
yesterday. He had served a term
in the Legislature, and was re-elected
as Pulaski's Representative last
November.

Gov. Beckham has gone to Sa-
vannah, Ga., to attend the wedding
of Lieut. Yulee Beckham and Miss
Myra Wilcox. During the Gov-
ernor's absence from the State,
Lieut. Gov. Thorne will be the
acting Governor.

State Auditor Hager announces
the following appointments: Hen-
ry R. Prentiss, of Mt. Sterling, to be
State Insurance Commissioner;
Mott Ayres, of Fulton County,
Deputy Insurance Commissioner,
and W. J. Day, of Louisville, to be
Assistant State Auditor.

In his biennial report to the Leg-
islature, Auditor Coulter says the
present revenues of the State will
provide ample funds for the erec-
tion and furnishing of new capitol
buildings and that the State would
not have to borrow a dollar or in-
crease the rate of taxation.

The Hon. James D. Richardson,
of Tennessee, named tariff reform,
"economy in public expenditures,
opposition to the autocratic rule of
the present dynasty in the White
House and honesty in our foreign
relations" as issues upon which all
Democrats can unite for the next
presidential campaign.

Lieut. Gov. Thorne, who is the

LEVEL GREEN

"A Happy New Year" to the
SIGNAL and its readers.

Christmas passed without any
noteworthy events, not even a good
drink. We are getting better.—
Monday was set by Esqr. Kinley
to hear the charge against T. G.
McLemore for suicide by killing a
neighbor's hog with malice afore-
thought.

Woodstock Lodge F. & A. M.,
elected the following officers, last
Saturday, for the ensuing year, viz:
J. N. Brown, W. M.; J. H. Cash,
S. W.; M. G. Colson, J. W.; C. J.
Thompson, Secy and Houston Os-
borne, Treas. J. T. Brown was
elected Tyler at a 14th time.

R. L. Brown, of Somerset, spent
Xmas with me and Betsy, Joe and
Thommy are spending vacation at
home. They, Grover Price and
Everet McQuary attend the Sue
Bennett at London, but Berea is
better represented from here.

Jarvis Brown has one case of
measles at his house with a chance
for 8 more soon.—Uncle Martin D.
Bord is convalescent again. Long
may he live for the good he has
already done. He will be 75 in a
short time, and is the oldest "na-
tive born" now living in Fossum
Holler. Our old men are scarce.

Jack Towery is home from work
in the picture business for a few
days.—J. F. McQuary, of Plato,
will sell horses, cattle and sheep at
public outcry next Saturday.—More
North Carolinians are coming to
buy homes among us we are in-
formed. This country is far west
to them, but our people must go
further towards sunset.

No preaching at the Campbellite
church for two months and the
members still wrangle—some for
Elias, some for Chas. and a goodly
number "haint for nobody."—A
little lesson does truly, leaven the
whole lump. A new year is on us,
and we need preaching to, for by
the foolishness of preaching it
pleases the Father to save sinners,
but not through foolish preaching.

Lots of our farmers not done
gathering corn yet and many Irish
paters not yet dug. May be the
early "set in" and continued cold
of this winter will cause us who
live to get a bigger hustle on us
next fall. Experience is the only
school in which we will learn and
many won't learn in it.

Life is too short for us to ex-
periment in all things in which we
are interested, therefore, we must
learn a lot from observation and
other people's advice—what a cheap
thing advice is and how ready
some people are to give it; but
the best we sadly fail to bear.
Uncle Bill says: "Fear God and
keep his Commandments and all
will be well," but then the ques-
tion arises among us as to what
these "commands" are—"people
will differ," "people will talk,"
but we don't properly think.
Well, sir, I dreamt a funny dream
last night and Betsy is trying to
interpret it.

pneumonia and is a harmless and
never failing cure in all curable
cases of coughs, colds and croup.

Davis, the druggist.

the jeller 'at kin listen to his wife

NEWS ITEMS

There are only 16 towns in Ten-
nessee where the new liquor law
is not closed the saloons.

The death of E. Z. Baily, of Bar-
county, is attributed to the exces-
sive use of cigarettes.

Mrs. Pagan, aged 93 years, is
dead in Menifee county. She was
believed to be the oldest woman in
Eastern Kentucky.

George W. Stamper, aged 83,
and the father of 19 children of
whom 11 are living, died a few
days ago in Lewis county.

An eighty-year old Ohio woman,
living near Columbus, eloped with
a negro. She had mortgaged her
property and turned over all of the
money to him.

Reduced wages are threatened
for 100,000 miners in the bituminous
fields of Maryland, Pennsylvania
and parts of West Virginia, un-
less conditions generally improve.

A Western newspaper says that
"E. R. Bates and Miss Edna" Bi-
were married near Joplin, Mo.
The paper failed to state whether a
minister or a carpenter performed
the ceremony.

An Ohio weather prophet, who
has kept a record of the weather for
fifty years, says that November was
the coldest from day to day that
this section has ever known during
the month.

The Kentucky Live Stock Breed-
ers' Association and Citizen Nat-
ional Band of Louisville have filed
suits at Owensboro against the
guarantors for the deficit of about
\$13,000 in the cost of the State
Fair held at Owensboro.

Twenty-two persons are dead as
the result of the collision between
two passenger trains on the Per-
Marquette railroad, near East Paris,
Mich., Saturday afternoon. Twen-
ty-nine people are suffering from
injuries sustained in the wreck and
a number of them, it is believed, will
die.

Dr. Alexander Graham Bell,
who is in Genoa, will bring the re-
mains of James Smithson, founder
of the Smithsonian Institute, to
Washington for reinterment. The
removal of the remains is said to be
due to the encroachment of a stone
quarry on the English cemetery at
Genoa.

A German lieutenant has been
dismissed from the army and sen-
tenced six months, because he
wrote and published a novel with-
out consent of the Minister of War
if he had killed a private soldier
for failing to be polite, he would
have had a much lighter sentence.
Such is militarism.

Secretary of Agriculture Wilson
reports that the United States is
spending \$6,000,000 a year in ef-
forts to instruct farmers how to im-
prove their business. Four thou-
sand persons are directly employed
in this work. In addition, many
of the States are making consider-
able expenditures for the same
purpose.

The Cuban Congress has unani-
mously voted to Gen. Gomez \$50,
000, yet there are hundreds of Cu-
ban soldiers who were as patriotic,
made as much sacrifice, and endur-
ed as much hardships for Cuban
independence as did Gomez, and
they are yet unpaid. After all,
there is nothing which makes such
wide and wicked inequalities
among men as militarism.

This country has an alarming
number of strikes this fall and the
discontent among workmen
seems to be wide spread and deep.
That it is not wholly unreasonable
is indicated by the fact that accord-
ing to a report of the Government
Bureau of Labor, the cost of living
has increased 16 per cent. in the
last seven years. That being so, it
seems unjust to reduce wages, as
many corporations are doing.

WHAT'S IN A NAME?

Everything is in the name when
it comes to Witch-Hazel Salve.
E. C. DeWitt & Co., of Chicago,
discovered some years ago how to
make a salve from witch hazel, that
is a specific for piles. But blind,
bleeding, itching and protruding
piles, eczema, cuts, burns, freckles
and all skin troubles DeWitt's Salve
has no equal. This is a salve, not
a numbing or worthless counterfeits.

One! Two! Three! Stop where you be!

THIS may not be good English. It may
not be good rhyme; not precisely in keep-
ing with the rules laid down in Butler's
grammar.

But it contains Gospel truth worthy of
reflection.

get a move on us, go through our big stock,
mark the prices way down, sell nothing but

Beware of Cements for Catarrh that Contain Mercury.

As mercury will surely destroy the sense
of smell and completely derange the whole
system when entering it through the mucous
surfaces, such articles should never be used
except on prescriptions from reputable
physicians, as the damage they will do is
ten fold to the good you can possibly derive
from them. Hall's Catarrh Cure, manufac-
tured by J. J. Cheney & Co., Toledo, O.,
contains no mercury, and is taken internally,
acting directly upon the blood and mucous
surfaces of the system. In buying Hall's
Catarrh Cure be sure you get the genuine.
It is taken internally and made in Toledo,
Ohio, by J. J. Cheney & Co. Testimonials

Pills are the best.

An Irishman asked a Scotchman
one day why a railway engine was
called "sh." The Scotchman re-
plied: "Perhaps it's on account of
the horrible noise it makes when
it tries to whistle."
